

HTML 4.0 ELEMENTS AND ATTRIBUTES:

KEY

strict | transitional | frameset

TOP-LEVEL ELEMENTS

html	version
head	profile
body	onload unload background bgcolor text link vlink alink
frameset	rows cols onload unload

HEAD ELEMENTS

base	href target
isindex	prompt
link	rel rev href type target media href lang
meta	name http-equiv content scheme
script	type language src charset defer
style	type media title
title	

GENERIC BLOCK-LEVEL ELEMENTS

address	
blockquote	cite
center	
del	cite datetime
div	align
h1	align
h2	align
h3	align
h4	align
h5	align
h6	align
hr	align noshade size width
ins	cite datetime
isindex	prompt
noscript	
p	align
pre	width

LISTS

dir	compact
dl	compact
dt	
dd	
li	type value
menu	compact
ol	type start compact
ul	type compact

TABLES

table	summary width border frame rules cellspacing cellpadding align bgcolor
caption	align
colgroup	span width align char charoff valign
col	span width align char charoff valign
thead	align char charoff valign
tfoot	align char charoff valign
tbody	align char charoff valign
tr	align char charoff valign bgcolor
td	rowspan colspan headers abbr scope axis align char charoff valign width height nowrap bgcolor
th	rowspan colspan headers abbr scope axis align char charoff valign width height nowrap bgcolor

FORMS

form	action method enctype accept-charset target onsubmit onreset
button	name value type disabled accesskey tabindex onfocus onblur
fieldset	
legend	accesskey align
input	type name value checked size maxlength src alt usemap align disabled readonly accept accesskey tabindex onfocus onblur onselect onchange
label	for accesskey onfocus onblur
select	name multiple size disabled tabindex onfocus onblur onchange
optgroup	label disabled
option	value selected disabled label
textarea	name rows cols disabled readonly accesskey tabindex onfocus onblur onselect onchange

SPECIAL INLINE ELEMENTS

a	href name rel rev type target hreflang charset accesskey tabindex shape coords onfocus onblur
applet	code codebase width height archive object name alt align hspace vspace
basefont	size color face
bdo	dir lang
br	clear
font	size color face
